The attached flyer should be sent home with your students this week. Please read over it carefully. If you can identify any of your students who might qualify for this program, please encourage their parents to call. This program is for Pre-K-8<sup>th</sup> grade students whose families are median to low-income, NO dental insurance and NO access to a regular dentist. This program was a huge success last year with dentists donating approximately \$13,000 in services. Thanks for your help in identifying these students.
